

IN THE CLAIMS:

1. (Original) A compound of formula (I)

Formula (I)

- or salts, solvates or hydrates thereof,
- wherein A is present or absent and represents a pharmaceutically acceptable inorganic or organic base, or a basic amino acid.
2. (Original) The compound according to claim 1, wherein A is trans-4-methyl-cyclohexylamine or trans-4-tert-butyl-cyclohexylamine.
3. (Original) The compound according to claim 1, wherein A is arginine or lysine.
4. (Currently amended) A mixture ~~of~~ comprising the compound of formula (I) of claim 1, wherein A is absent, and with povidone, phospholipid, or cyclodextrin.
5. (Original) The mixture according to claim 4, wherein said mixture is an associate of said compound of formula (I) with povidone.
6. (Original) The mixture according to claim 4, wherein said mixture is a complex of said compound of formula (I) with phospholipid.
7. (Original) The mixture according to claim 4, wherein said mixture is an inclusion of said compound of formula (I) and cyclodextrin.
8. (Currently amended) A pharmaceutical composition, comprising a the compound ~~according to any one of claims 1 to 3 or a mixture according to any one of claims 4-7 of claim~~ 1, and a pharmaceutically acceptable carrier.

9. (Original) The pharmaceutical composition according to claim 8, wherein said composition is in the form of oral preparation, injection, suppository, drop, or preparation for external use.

10. (Currently amended) Use A method of treating inflammation, comprising administering an anti-inflammatory analgesic drug comprising 4-nitro-2-[(4'-methoxy)-phenoxy]-methanesulfonyl aniline or pharmaceutically acceptable salts thereof, or a mixture thereof with povidone, phospholipid or cyclodextrin in the preparation of anti-inflammatory analgesic drugs.

11. (New) A pharmaceutical composition, comprising the compound of claim 2, and a pharmaceutically acceptable carrier.

12. (New) A pharmaceutical composition, comprising the compound of claim 3, and a pharmaceutically acceptable carrier.

13. (New) A pharmaceutical composition, comprising the mixture of claim 4, and a pharmaceutically acceptable carrier.

14. (New) A pharmaceutical composition, comprising the mixture of claim 5, and a pharmaceutically acceptable carrier.

15. (New) A pharmaceutical composition, comprising the mixture of claim 6, and a pharmaceutically acceptable carrier.

16. (New) A pharmaceutical composition, comprising the mixture of claim 7, and a pharmaceutically acceptable carrier.
